Minutes

Agenda item: Discussed who will do the meeting minutes each week. **Presenter:** Fadi Meleika

Discussion:

The Discussion was about the meeting minutes and what is in the meeting minutes as well as what should a person fill out doing the meeting minutes.

Conclusions:

The conclusion was that every person chose which week would fit the meeting minutes. and I made a list with names and dates for the meeting minutes schedule.

Action items	Person responsible	Deadline
✓ Eugene Graves	Meeting minutes 2	4/12
✓ Gina Shafik	Meeting minutes 3	4/19
✓ Justin Nguyen	Meeting minutes 4	4/26

Agenda item: Discussed the stuff that was explained in class like assignments due dates **Presenter:** Fadi Meleika

Discussion:

A few team members were confused by the specifications for specific assignments. I gave a thorough breakdown of what has to be done for the rest of the semester in order to make things clear. To make sure everyone is on the same page, we went over approaching due dates and spoke about expectations.

Conclusions:

The remaining tasks and due dates are now more clearly understood by the team members. To prevent misunderstandings in the future, everyone decided to maintain contact.

Action items	Person responsible	Deadline
✓ Review all remaining assignments and note any questions	All team members	Before next meeting
✓ Created a shared checklist or timeline for remaining tasks	All team members	Every week
✓ Reach out to professor if any assignment instructions remain unclear	Fadi Meleika	As needed

Agenda item: Discussing the project and we did a breakdown on who is going to do what **Presenter:** All team members

Discussion:

We took a deeper dive on our team project topic which is Generative Artificial intelligence. To guarantee that the effort is distributed equitably and effectively, we settled on individual roles and tasks during the meeting and talked about the project's scope.

Conclusions:

Every team member is now well aware of their responsibilities and the particular area they are in charge of.
